Bahria University Islamabad	Islamabad
Bachelor of Computer Science BSCS	11/2021

- Bachelor of Computer Science BSCS
- Bahria university Islamabad
- Data Base Management
- Artificial Intelligence
- Computer Programming

Summary

As a Computer Science student, I bring strong programming skills in C++ and Python, coupled with a solid foundation in algorithm design. Currently, I am gaining valuable hands-on experience in DevOps. Eager to apply my expertise to real-world challenges, I have a keen interest in artificial intelligence and machine learning. A quick learner with excellent communication skills, I am motivated to contribute to innovative projects and grow in the dynamic field of computer science.

Skills

Algorithm design · Artificial Intelligence · Bash · C++ · CI/CD · Css · Data Science · Database management · DevOps · NGINX · Front-end · Html · Docker · GIT · Java script · Flask · Kubernetes · Machine Learning · MySQL · Php · Python

Projects

Text Summarization

Data science project using Ai and Machine learning models for summarization of text.

Restaurant Ordering System

Web Development project using Html, CSS, Flask, JavaScript, and SQLite

Ticket Booking System

DBMS project using HTML,CSS and PHP
